I am extremely honored to receive scholarships from both Wings Over America and the USS Theodore Roosevelt. The Wings over America Scholarship Foundation provides a great service to the families of veterans of the Naval Air Forces. By recognizing my academic achievements and community service, these scholarships give me the opportunity to take responsibility for funding my education. These scholarships will help defray the cost of attending Old Dominion University this Fall, where I plan to major in Mechanical Engineering. My sincere thanks go out to the members of the selection committee and the generous private and corporate sponsors.
