- Summer Intern U.S. State Department

I am so incredibly thankful and honored to be named a 2016 recipient of the Wings Over America Scholarship. This generous support and financial aid allows me to continue my studies at the University of Virginia as a double major in Public Policy and Art History at the Frank Batten School for Leadership and Public Policy. In the future, I plan to continue my education in graduate or law school and this scholarship will also help me to achieve that goal. I am incredibly grateful to receive support from the foundation and the military community that has given so much to me throughout my life.
