- Summer Counselor at Camp Raymond

Thank you, Wings Over America Scholarship and donor, for you have enabled me to make college a more affordable experience! This will help me to pursue my dreams in the fields of Computer Science and Computer Engineering while having more peace of mind about money. It will allow me to focus more of my time and effort developing my skills and contributing to the Computer Sciences instead of paying off more student loans. I am honored to accept this reward, and am so much obliged to everyone involved.
