Statement: Upon hearing the news that I had received a scholarship award this year, I was nothing short of ecstatic. Having two sisters in college as well as myself, my family could use all the help we could get financially. My family and I would like to express the deepest amount of gratitude for every bit of support that can make a huge difference. I cannot express how thankful I am for this award and organizations such as Wings Over America that provide people with happiness, faith and vast opportunity.
