I am extremely honored to be a recipient of the 2017 Wings Over America Scholarship. This will allow me to pursue my education and professional aspirations to become a Mental Health Psychologist. Being a mother to three young children, working full time and attending school full time has put tremendous pressure on all of us. Humbly accepting the scholarship allows me to be able to spend more time with my children while strongly finishing my degree with the financial support from Wings Over America. Thank you for believing in me and my academic achievements!
