I currently live in Virginia Beach, Virginia with my husband who is in the Navy. We have two beautiful daughters, Jaida and Julia. My passion is to one day being on the mission field giving medical care to those who cannot afford it. Obtaining my Bachelors Degree in Nursing will help to better prepare me for these future endeavors. I would like to thank everyone at Wings over America Scholarship Foundation for the opportunity to apply and then receive this scholarship. It will definitely be put to good use.
