I am so grateful to have received a scholarship from the Wings Over America Scholarship Foundation. Specifically, the VAW/VRC Memorial Fund holds a special place in my family's heart, making this event more momentous. Further, I realize that a scholarship holds much more than monetary value. To me, it represents the importance of education. While receiving this award has been a source of pride, I am also humbled to have this recognition. I was already determined to succeed during my college years, but now, knowing that there are people that have personally invested in me to succeed and I am even more inspired to apply myself in the coming years.
