I am extremely humbled to have been awarded this scholarship. I am thankful that the Wings Over America Foundation and VAW/VRC organization have given me the opportunity to continue my academic career at Penn. It has always been a dream of mine to study at an Ivy League institution and this scholarship has helped to make that possible. I am incredibly enthusiastic to move to Philadelphia and begin life as a college student. I'm so grateful that my hard work has paid off and that I will be able to pursue my dream. Thank you, Wings Over America.
