Statement: I am blessed to have been awarded a scholarship for the upcoming school year. My freshman year at Christopher Newport University was more than I could have imagined and this scholarship will help to provide the way for me to see what all year two will offer. This scholarship also could have not come at a better time. My mom and dad just moved (literally a week ago) across the country for my dad's next command. With my parents now being so far away, this scholarship will give especially my mom one less thing to worry about. I am proud of my dad's service and proud to be a Navy brat and humbled to receive this award.
