Volunteer of the Year
Scholar

Stephanie Grant

Coronado, CA

Drexel University

Freshman: Medical billing and Coding

College GPA: 3.0

Activities:

- St. Bernard Rescue Foster & Groomer
- Fetch Pet Sitting: Walkers & Pet Sitter
- Camp Diggity Dog Groomer

Receiving the 2016 Wings Over America scholarship has been an amazing honor and blessing. My husband and I pay for my schooling ourselves out of our savings. Of course since we have a son who is just over a year old, any money helps us greatly. When we found out that I would be receiving the scholarship, my husband was more excited than I was!

I had to pay for my college after high school and had to stop going to college because working to pay for school while supporting myself was just too much for me at 19 years old. So I really understand the gift of schooling being paid for, since when I was younger it was a huge sacrifice and regret of mine.
