- Children’s Clinical Psychology Lab summer volunteer

This scholarship has allowed me to explore several academic opportunities, and I hope to give back to my community with my career and the skills and knowledge this scholarship has allowed me to obtain. This scholarship has allowed me to discover what I hope to do the rest of my life, and this fall I will be applying to grad school programs for Family Therapy and Children’s Counseling. I hope through this career that I may be able to help military families, especially those struggling with the deployment of a family member. This scholarship has helped me so much throughout my academic experience at William & Mary, and I will be very grateful for the Foundation’s generosity and support.
