- Canyon Hills Community Church, food bank volunteer
- Washington Journalism Education State Convention

I thank you for and truly appreciate this award. It will be me enormously in my pursuit of higher education and make it easier to continue striving to achieve my dream of becoming aerospace engineer, and carry on my father's legacy in the best way I can. My true desire is to design and work with military aircraft, and this scholarship will allow me to pursue my passion of developing the most advance military aircraft for a new generation of naval aviators.

Again, I sincerely thank you for this amazing opportunity and all it will help me achieve.
