To be a recipient of a 2016 scholarship award is a tremendous honor; it's especially humbling to be recognized for my achievements by an organization comprised of such incredibly high achievers. Though I am not following directly in my dad's footsteps as a Navy pilot, this scholarship gives me a connection to his passion and the opportunity to uphold the values for which the Navy stands. My award gives me the chance to realize my hopes of studying abroad and to make the absolute most of my education without worrying so much about the cost, and for that I am so, so grateful! Thank you WOASF!
